Professional Summary

Computer Science undergraduate with a strong foundation in Java, Data Structures & Algorithms, and full-stack development. Passionate about building scalable software applications using Spring Boot, Next.js, and PostgreSQL while continuously improving problem-solving and software engineering skills.

Education

Bachelor of Technology in Computer Science (CGPA: 9.58)

JECRC University

Senior Secondary (Percentage: 84.6%)

Rani Durgawati Senior Secondary

Secondary (Percentage: 82.8%)

Maharishi Vidya Mandir

[Jul 2023- Jun 2027]

Jaipur, Rajasthan

[2021-22]

Chhatarpur, Madhya Pradesh

[2019-20]

Chhatarpur, Madhya Pradesh

Skills

Technical skills:

- Programming Languages- Java, C++, SQL, JavaScript
- Frontend- Next.js, React, Tailwind CSS, HTML, CSS
- Backend- Spring Boot, REST APIs, JWT Authentication
- Database- MySQL, PostgreSQL
- Tools- IntelliJ IDEA, Git, GitHub, VS Code
- Concepts- Object Oriented Programming, DBMS, Data Structures & Algorithms, Computer Networks, Operating Systems, REST APIs

Soft skills: Problem Solving, Collaboration, Communication, Ownership

Projects

ThinkStack-AI Powered Knowledge Management Platform | Tech Stack-Spring Boot, Next.js, PostgreSQL, Tailwind CSS | [Github](#)

- Built a full-stack knowledge management platform with secure authentication, note management, and advanced search capabilities.
- Developed REST APIs using Spring Boot and PostgreSQL for efficient CRUD operations.
- Implemented JWT-based authentication and role-based authorization.
- Designed a responsive interface using Next.js and Tailwind CSS.

Commuto-Cab Sharing System | Tech Stack- Next.js, TypeScript, Tailwind CSS, Spring Boot, PostgreSQL | [Github](#)

- Led a **team of 3 members** in designing and developing a web-based cab sharing platform for ride coordination.
- Developed authentication, ride booking, and ride management modules with MySQL integration for **50+ ride records**.
- Integrated **women safety features**, including a **women-only ride preference** and **emergency/SOS support**, to promote a safer and more secure commuting experience.
- Automated ride matching and booking workflows, reducing manual ride coordination effort by **~60%** and improving the overall user experience.

Training & Certifications

- Successfully completed ServiceNow platform training covering workflows, automation, incident management, and platform navigation (Jan 2026 – Feb 2026)
- Earned ServiceNow Certified System Administrator (CSA) | [View Certificate](#)
- Earned ServiceNow Certified Application Developer(CAD) | [View Certificate](#)
- Earned Juniper Networks Certified Associate(JNCIA-Junos) | [View Certificate](#)

Position of Responsibilities

Class Representative | JECRC University| Jul 2023-Present

- Represented and coordinated a class of **60+ students** as the primary point of contact between faculty and students.
- Managed academic communication and coordinated class activities to ensure smooth execution throughout the semester.
